

Dear Patient:

If you have any questions about our participation with your health insurance plan, please contact your insurance carrier.

We file all insurance claims as a courtesy to our patients; however your insurance policy reflects a contract between you and your insurance company. It is your responsibility to be familiar with your carrier and pay any co-pay or deductible required by your policy at the time of your visit. You are responsible for any charges not covered by your insurance policy.

If you have a balance on your account, a statement of your account will be sent monthly. Statements are only sent after we have received your insurance carrier's payment or denial. Full payment is expected within 30 days. For this reason, it is important that you call our office immediately if you have any questions about your account.

Some insurance companies require referrals to specialists. It is your responsibility to contact your primary care physician to obtain authorization for the referral from your insurance company. This is very important, as we will not see patients without an authorization if required by your insurance carrier.

I understand that my eligibility for coverage by my insurance policy may not be confirmed at this time. I wish to receive medical service from Londonderry Nurse Practitioners Whole Health Consultants. If it is determined that I am not eligible for coverage, I understand that I will be responsible for payment of all services provided.
